Higher Secondary in **Science** under **WBCHSE**

2019   80.6%

PROJECT

Vangazon— *General E-commerce Website (Front-End)*

This web application is developed during my industrial training from NiiT which is a **General E-commerce Website.**
It has so many pages like Login Page, the structured home page, Product page, Cart Page, etc.
Languages used here are **HTML**, **CSS**, and **JavaScript**.

To Do List —

This is an essential to-do list with **LocalStorage.** I have done this project using **HTML 5**, **CSS**, **JavaScript** , **Bootstrap**. Here I've also used **LocalStorage**, so that if you reload the page, your work won't be cleared until you manually delete it.
